Dear Parents/Carers

## Re: Half Term Art Competition

Saturday the 5th of June is 'World Environment Day'. This annual day is all about encouraging awareness and action for the protection of our environment and planet, it includes issues such as marine pollution and global warming.

As a school we would like to take this opportunity to raise awareness of this day within our community through the celebration of Art.

Over the half term we are setting a world environment art competition. Your piece of art work should reflect and represent Our Amazing Earth, however you can only use recycled materials, for example crisp packets, milk bottle tops, newspaper and plastic bottles etc. As an idea, you may want to represent ocean pollution through a sculpture of a sea turtle made out of bottle tops. You could make a sculpture, collage or picture, please be as creative as possible!

The next time you are about to put your crisp packet in the bin think, could you use it for your half term art project?

There will be a winner chosen from each class for their wonderful creativity. Prizes will be awarded! All entries should be sent to school by Monday 14 June 2021.

We cannot wait to see your wonderful recycled art pieces! Have fun!

Miss Thompson
